

For Don Farnham A STANDING OVATION

It was a Standing Ovation, last Friday evening, for Major Donald W. Farnham, U.S. Army, and Mrs. Farnham, as they entered the dining room at the Casa di Fior, for the tenth annual dinner of the Wilmington Chamber of Commerce. Over several hundred members of the Chamber and guests were present.

The Major and Mrs. Farnham were escorted by two members of the Chamber, Al Fiorenza and Lloyd C. Bender, each of whom holds the Silver Star. The invocation was read by the Rev. Fr. Edmund C. Croke of St. Thomas Church.

The most decorated Soldier of the Vietnam War had come home.

Seated near the head table were their families, Mr. and Mrs. Robert Farnham of Eutaw, Alabama, and Mr. and Mrs. Nelson Small of Wilmington. The Farnhams, formerly of Wilmington were in Wilmington for the occasion.

In his talk, after the dinner, the president compared the Vietnam conflict to the U.S. Civil War, and told the audience of the interference of the U.S. Senators, in that

conflict, and how it had lengthened the war, and cost the lives of many Union Soldiers.

Major Farnham was compared to Emory Upton, who was promoted to Brigadier General by General Grant for Valor at the Bloody Angle, in 1864.

The president of the Chamber told the story of Donald Farnham, the young man who finished his studies at Wilmington High School with the words "I'll show Em".

Those words, the speaker said, should be the Farnham Crest, for Major Farnham had fulfilled his vow. As a youthful sergeant of the U.S. Army he had come to the Town Crier office to have his mailing address changed, and since then the Town Crier publisher has been able to watch his progress, as he went to Helicopter School, Officer Candidate School, and on to Vietnam, where he was one of the first U.S. Soldiers to be present as a Helicopter Pilot.

Farnham flew helicopters for 47 months, almost daily in combat. His first Silver Star was given him for rescuing some American soldiers, who had been surrounded by the enemy, and on that occasion Farnham, to lighten his helicopter had discharged all his weapons and rockets, before descending and picking up the surrounded soldiers.

The audience was also told of the last Silver Star, when, like the Civil War soldiers of whom it was said they had three horses shot out from beneath them, Farnham had three helicopters shot out from beneath him in one day's fighting, and went back to get more, and continue the fight.

MRS. FARNHAM: And the Paul Revere Bowl, which was presented by Mrs. Stanley Webber, her former teacher in Wilmington High School.

A PAUL REVERE BOWL FOR MIKE ESPOSITO: Presented recently at a Sons of Italy dinner in Boston. The presentation was by Aldo Cairra of Chestnut Street, Grand Venerable of the Order. Football coach Fred Bellissimo is in the center.

Committee Report

By-laws are basically sound but need up-dating

(ED. NOTE: As a public service, the Town Crier has invited the Town's By-Law Study Committee to present a series of articles concerning proposed changes in the General By-Laws of Wilmington. The Committee was established by vote of the Annual Town Meeting in 1969, and recently filed their recommendations for a comprehensive revision of the By-Laws with the Board of Selectmen.

It is expected that the question of adopting the new By-Laws will be presented to the voters at a Special Town Meeting - probably in May.

The members of the By-Law Study Committee were appointed by the Board of Selectmen, and include: Mrs. Joan Bachman, 10 Marie Crive, Chairman; Mrs. Stella Courtney, 398 Andover Street; Mr. Milton B. Cram, 38 Lawrence Street; Mr. John E. Nealon, 43 Grace Drive and Mr. Stanley Webber, 668 Main Street).

This series of articles is being undertaken by the By-Law Study Committee in an effort to stir public discussion and a wider understanding of the recently released "Proposed By-Laws."

A frequent suggestion for achieving such goals is for a public hearing to be held by the Committee. This is definitely planned, but consideration must be given to the people who cannot attend a hearing on a certain, specified night. Therefore, the By-Law Study Committee will employ any desirable means to report to the public on its recommendations for the "Proposed By-Laws."

Generally speaking, the Committee found that the structure and content of the existing by-laws were essentially sound, following a sentence by sentence comparison with the by-laws of other communities and intensive questioning of elected and appointed officials. Excluded from the concern of the Committee were the Zoning and Building By-Laws.

A large bulk of the changes fall into three categories: first, increases in fines for by-law violators in order to conform to the General Laws and present-day scales; second, rewording or deletion for clarification, simplification, or elimination of out-

dated material; and third, changes for technical improvement in the effect and administration of certain by-laws.

Sections of the By-Laws which are new or which represent substantial changes in old sections will be discussed in future news articles in order to explain them as much as space allows. Equally important, will be the appraisal of factors resulting in these new proposals.

In order to reflect the growing public concern over the use of our natural resources and the maintenance of our human environment, such new by-laws cover the removal of soil, sand and gravel; the littering and defacing of property; motor boat regulations; and hunting with prior written permission. To further insure the necessity that the maximum amount of information be made available to the Voters of Wilmington such provisions as a definition of public records, the publishing of consultants reports in the Annual Town Report, and provision for the review of the by-laws every ten years, have been included in the Proposed By-Laws.

As far as possible, the Committee has attempted to frame its recommendations so as to provide the maximum set of choices for the Voters at town meeting. Where possible, the recommendations offer the most stringent provisions so that if the Voters prefer more lenient wording for certain sections it can be achieved by amendment.

Icemen share League Crown

The varsity hockey squad gained a tie for the top spot in MVC play with a 4-1 win over Tewksbury. The Wildcats moved back into championship contention last week, when Masconomet upset Burlington, while Coach Fessenden's icemen bombed No. Reading, 8-0. With their win over the Redmen the varsity qualified for the Eastern Mass. Hockey Tourney along with Billerica and Burlington.

The Wildcats will also be involved in the MVC playoffs, opposing fourth place Chelmsford at the Forum on Saturday. Billerica and Burlington will play in the first game at 12:40 to be followed at 2:00 by the Wildcat - Lion contest.

Planning Board Hearing

It was a co-operative meeting, at least to the casual observer. About a score of persons were present, Tuesday evening, for the Public Hearing by the Planning Board, on Zoning articles in the warrant for the annual Town Meeting. The meeting was in the Mildred Rogers School.

To meet with the Planning Board next Monday will be Attorney Joseph Courtney and Frank D'Annunzio of Stoneham, who are proposing Limited Garden apartments, off Woburn Street. Next Monday will be devoted to settling details of several amendments proposed in the Tuesday evening meeting.

The warrant article proposes a minimum size of 200,000 square feet. Mort Grant, using questions prepared by Dennis Hazen, asked why such a large lot size.

Courtney told the Board that when he was developing the proposal he and his client wanted to do a good job. The large area, he said, along with a six building minimum, reduces the possibility of "shoe-horning", which he explained was trying to get an apartment building between two residences.

A notice from the Town Manager, read aloud, advised that the town did not plan to make a survey to see if sewerage would be adequate for the proposed site. Courtney said a survey was done in 1969, by Whitman & Howard, Engineers, and that that firm saw no reason to deny a discharge to Woburn Street, and he had been talking recently to the Board of Water and Sewer Commissioners, and they see no reason why they should deny it.

Danny Gillis commented on the fact that the proposal calls for the Town Engineer to pass judgement on many items. "He is only one man, no matter how capable", Courtney felt that, since the Town Meeting would be voting on the proposal, there would be enough public control, and that the engineer and his staff should be re-

viewing the technical details. Since they are the most capable of doing this. Primarily, Courtney said, the purpose is to enforce the regulations governing Limited Garden Apartments.

Courtney also discussed the Limited Access planned, with only one road for an entrance. He felt that to have more would create a throughway, which was not desirable.

Cutter's Articles

Article 40, re-zoning land between Main Street and the railroad, in South Wilmington, from General Business to Industrial brought questions from Danny Gillis. Gillis wanted to know if the owner would object to an easement along Maple Meadow Brook.

Attorney Simon Cutter said it would be logical, since the land was low, and not suitable for building.

Mort Grant wanted to know the reaction to a request for a sewer easement. Cutter, on enquiry, found out it would be an "interceptor" which ordinarily is not available for use by adjacent land owners. Then, when it developed that the land could possibly "tie in" to the interceptor Cutter agreed to such an easement.

Cutter also handled Article 51, which seeks to re-zone land along Bridge Lane from residential to General Business.

Cutter said the proposal was for an office building, and that the only neighbors were a gasoline station and the Kingdom Hall of Jehovah's Witnesses. He had, he said, asked the congregation for their opinion on the re-zoning, and they had felt it would be an asset to the neighborhood.

The petitioners would not be asking to re-zone for 100 feet from the proposed Richmond Street Bridge. Cutter said, and he felt that when and if the proposed overpass is built some kind of drainage will be provided, so that the proposed building will not worsen any problem in the area.

Compugraphic Rezoning

A landowner adjacent to the proposed rezoning on West St., for Compugraphic, proved to be somewhat belligerent.

Irene Kara, of Billerica told the Planning Board that if the proposed article to rezone gets through the Town Meeting she will have a similar article at the next annual Town Meeting for her land. She felt that the rezoning of land, owned by Fred Sheehan, for a parking lot for Compugraphic, would be passing the hardship on to her. In her opinion, residential land next to industrial land was worthless.

Attorney Joe Courtney countered that land abutting industrial land is not valueless, and this has been proved many times in various parts of the town. His client, however, was not now certain that he wanted to have the land rezoned as a parking lot for Compugraphic. Compugraphic is no longer definitely interested, it was said, and if the land is rezoned it will have to be with the idea in mind that it could be any industry.

High Density Zoning

An attorney named Robert Loukas made the presentation for the proposed High Density Zoning, at the corner of West Street and Lowell Street. His client, Wilbur Thomas, lives on a lot there, and has been approached by many oil companies who want to locate a gas station on the site. They feel it is an ideal site, being near Route 93, and Mr. Thomas is believing that the site is less and less desirable as a residence, because of the increasing traffic on Lowell Street.

The board pointed out that there is a proposed land taking, and that this could make the site obsolete in three years.

Loukas felt that a gas station was the only practical use for the land. He realized that the Board of Selectmen hadn't been encouraging more gas stations in town, but he felt that when the time came there would be a re-consideration of policy.

Dear Mr. Neilson:

I am a 7th grade student at the West Intermediate School, and I would like to make some suggestions, to help improve this town.

Some of the ideas I suggest I know will cost money, but if we work hard to try to raise money I think we can. We should get a recreation center, not a hangout, but a place where people can enjoy themselves.

There should be a movie theater and a bowling alley with pool tables, and if we possibly could a skating rink.

I don't think it would take very long to plow the skating rinks after a snow storm either. I think we should have these because it will keep us occupied and out of trouble.

Thank you for reading this.

Sincerely,
Norma Little

THE HAT IS A BALMORAL: Purchased recently in Edinburgh, Scotland, by Joseph Beaton Jr. (right) who has just returned from a year's study in Europe. Mr. Beaton didn't feel like wearing the hat so the Town Crier could take a picture, at the LWV Candidates Nite, last week, so Mrs. Veronica Hensley of Andover Street did, for the camera.

Selectmen's Meeting

Diamond Drug Storage Permit

With Selectman Jim Banda abstaining, the Board of Selectmen, Monday night voted to grant a storage permit to the Diamond Drug Company, in a proposed building at the south end of Woburn Street. The permit will be subject to the written approval of the Wilmington Board of Health.

Banda said he abstained because he had reservations about placing of the storage tanks. The three tanks were proposed to be located in front of the building, which would mean pumping chemicals 375 feet, from the railroad cars. Banda said he couldn't see the builder taking the most inexpensive way, if public safety were involved.

The Selectmen were assured by Fred Cain (not Wilmington's Representative, but one of the corporation officers) that the plans as shown were not final, and that one of the most experienced firms in underground storage safety, Shell Chemical Company, is to be preparing the final plans. Diamond Drug, the Selectmen were told, will submit the final plans to town officials, for a safety check, before construction begins.

The officials of Diamond Drug told the Selectmen that they are "great believers" in local employment, and that they expect to have about 75 job openings for local residents in their first year of operation. The firm bottles, markets and distributes Drug Sundries, such as mouthwash, rubbing alcohol and windshield washing fluids.

In an earlier meeting with the Selectmen the firm had invited inspection of their Revere Premises, and the officials said that

they had been surprised at the turnout of Wilmington persons. One of those who inspected was Carl Backman. Backman said he had questioned the neighbors, and that he had no reservations about granting a permit.

Most of the shipments, the officials of Diamond Drug told the Selectmen, will be by railroad car. They expect to have only one or two trucks a day on the road. The new building, they said, is to be specially designed to meet their production needs, and will help them to maintain their excellent safety record.

Boutwell and Woburn Street

Residents of both Boutwell and Woburn Streets were unhappy about the proposed 50 foot layouts for their streets, which they felt would create "speedways" past their homes.

Demanding to know why sidewalks could not be put in without the widening of the streets, they did not seem to be any more satisfied after their hearing than they were before it began.

Safe Sight Distance, and not a slight increase in speed, is the clue for the safety of children. Town Engineer Arthur Harding said. The current size of the road does not restrict speed, but it does restrict sight and refuge from autos, Harding said. If an accident does occur, he said, children have no place to go, with steep snowbanks on either side of the road.

He told the residents of Boutwell Street that, while it is now adequate for the limited population, it will not be when the nearby land is developed. The "country land", he said, would have to be done over.

"YOU CAN'T TEACH A HUNGRY CHILD"

But we can feed the kids and we can encourage other effective programs to satisfy the responsibility to provide real Education Opportunities in Wilmington.

What has been done? Over twenty-five new programs in the past three years -

Programs such as:

1. Extending the hot lunches to all the schools (You can't teach a hungry child)
2. A regional grade system (Project SEEM) for the special education youngsters (You can't educate all age groups in the same room)
3. A transitional class (We want to continue education, not repeat it)
4. A class for the emotionally disturbed (All are deserving of real opportunity)
5. Professional Psychological Services (You can't teach a severely disturbed child)
6. A full time work study program (You can't provide education for those that have left school)
7. A Rescheduled High School (You can't provide more opportunities without classrooms available)
8. A Re-Organization of the Administration (Education won't take place in chaos)
9. The Wednesday afternoon curriculum development program (What you teach must be worthwhile)
10. A significant Teacher Aid Program (You can't teach while doing paper work)

Dear Larz:

A Boston newspaper recently reported a "Continuous Year Plan" - schools operating on a yearly basis with students placed in four groups on a rotating schedule. Students attend school for nine weeks, then have three weeks vacation. All children in one family attend school at the same time, also vacation together.

This system is reportedly working successfully in a Chicago suburb and allows existing buildings to accommodate one third more students.

I feel it is worth considering.

Dear Larz:

I would like to clear up a bit of confusion in regard to the coming election.

A REBUTTAL

Last week, in a contributed article, the question was asked "Where Did the Taxes Go?" - This article is in response to that question - The purpose is two-fold:

1) To correct the erroneous information in last week's article, and:

2) To point out that not only schools, but virtually all phases of Town Government have increased considerably in cost.

Increases in General Government

The cost of General Government has actually increased 78% in the last five years, not 28% as quoted in the article. This increase reflects major growth of the Town, increased cost of living and expansion of many departments and programs. For example: Police and Fire Department budgets have increased 94%. (This does not include the purchase of vehicles.); the Library budget

has increased 254% (This does not include the Library bond); Recreation has increased 485% Blue Cross and Group Insurance has increased 106%; and the Unclassified and Reserve Account has increased 114%.

Increases in School Costs

The cost of schools has increased 112% in the last five years, not the 71% quoted in the article. Of the projected 1971 school costs, \$663,443 is for school bonds. This item has increased only 38% since 1966. \$529,015 is budgeted for school building maintenance. This has increased 86% since 1966 and is under the control of the Town Manager, not the School Committee. \$136,358 has been budgeted for the Regional Vocational School. Participation in this school was approved by Town Meeting. Its budget is not controlled by the School Committee. While it is true that 83% of the School Budget is for salaries, this means that 41%, not over 50% of the Town's budget involves school department salaries. It must be remembered that the cost of many of the educational programs are reimbursed from state and federal funds. In 1970, \$1,203,604.71 was reimbursed to the Town in support of education.

The conclusion erroneously drawn from last week's faulty figures, is that school costs have risen at a disproportionate rate, namely 2.5 times as fast as general government. Actually, school costs have risen only 1.4 times as fast. Therefore, one cannot single out the school system as the only villain in our rising tax picture. A growing town must institute and expand many of its programs in order not to

find itself 20 years behind the times. Therefore, every one of us should carefully evaluate each budget item before attending Town Meeting to appropriate the money.

Jean e Pedersen

This letter is for parents who feel that the younger generation thinks nothing of the problems of the United States.

The younger generation really does care about such problems as pollution, Vietnam, racial discrimination, and many more. Not everyone in this younger group belongs to the Silent Majority, or Radical Minority. Today's youth is merely concerned with today's problems.

One middle aged woman said that a generation gap actually helps progress. If all people in all age groups thought alike, no one would try to surpass another. With a difference of ideas and opinions between people within one group, and groups, there is an incentive to provide ideas. Many times progress is the result. Therefore, if everybody was satisfied with the present conditions then there would be no desire to make changes.

Today's youth is usually only given bad publicity. The few instances of community trouble from a minority is exaggerated, and the whole younger group assumes the responsibility. However, they never, or hardly ever really talk about the things that the majority of youth do to help others.

We understand that a large problem with the younger generation is the radical groups actions, because they excite people and start riots, demonstrations, etc.....But the older generation also has similar problems.

A great amount of people say the kids are wrong speaking against the government and the police, but how are they going to get any better if someone doesn't tell them that they're wrong? In fact, we are now in the same situation that we were in during the Revolutionary War, when the British were our police and England was our government. Now don't get us wrong, we're not saying that we believe in violence, because we don't. A lot of people are going about it in a very peaceful way.

We understand that certain problems (discrimination etc.) were there long before you were born, all we're doing is trying to cope with, and perhaps solve these problems.

Thank you for your time and cooperation.

Sincerely,
Marcy Lester
Pat Pilla

Dear Mr. Neilson:

I think the decent people of this town should be made more aware of the "Tom Follery" going on. Let's just take one case in point. ...Vandalism and Littering on Public Property.

Each Monday morning the school grounds are a disgrace with beer bottles, whiskey bottles and various other objectionable debris being spread around in great quantity, plus the broken windows and other acts of malicious mischief including breaking and entering on all too frequent occasions.

Needless to say the parents of children must witness this when

they take their children to skate on Sunday. This past Sunday the High School parking lot was the worst it has been in weeks. One child slipped on her skates and cut her hand on a broken beer bottle while walking from her car to the rink.

Everyone mouths about all of this and asks what can be done!

Well, I'll tell you what can be done.....Chapter 266, Section 120 Trespassing Law (Police take notice) can be posted and enforced. Our town By-laws state... Chapter 5 Public Regulations Section 3, Littering.....Except on land or in receptacles designated by the Town for the dumping or placing of trash; no person shall in any manner, whether from afoot or from any vehicle, throw or drop or discard upon any property, public or private, any trash or litter of any kind whatsoever. Penalty for Violation of Section 3.....In addition to imposing such fines as may be permitted by law, (\$100 for glass, \$50 for paper objects) the Town may through the Town Manager require persons in violation of Section 3 to remove such trash or litter.

Now don't give me the old "you have to see them do it" jazz..... the police in this town know who is doing this and it is as simple as driving into one of these parking lots and telling them to clean it up. They drive in all the time and turn their heads.

The decent young people of this town are bearing the brunt of this and it is unfair.....

Mr. Jaeschke, Supt. of Public Buildings has the authority to have these signs printed and posted....Chief Paul Lynch states he will then have legal ground to enforce this law. Town Counsel can furnish proper wording..... Soooooo let's do it gentlemen!

The buck just went that-a-way!
Name withheld by request

Dear Sir:

There is no need to apprise anyone of the problems involved in moving into a new home. Mass confusion has been a constant boarder in our new residence in Wilmington.

Being a neophyte home-owner and a new resident of the Wilmington area, has of course, resulted in a drove of problems which a more knowledgeable person could have avoided. However, what I don't need is augmentation of my problem load.

This is what the local Board of Health is doing. We have now accumulated a month's garbage through the efforts of the collector to avoid our house. Four calls and two visits to the Board of Health have resulted in nothing other than the fact that the Board now has information on me and the house.....six times. I'm not quite sure whether to let the leavings decompose on my front lawn or deliver it in person to the Board of Health office.

I don't expect this misdirected lamentation to reap benefits. However, the real objective of this letter is to thank those who have helped smooth our transition into Wilmington.

Kudos are directed especially to the Wilmington Police Department, who provided transportation for my non-driving wife and child, in an emergency, to St. John's Hospital in Lowell.

Sincerely,
Brian Rogers

To The Voters of Wilmington!

I Francis (Frank) Sferrazza, 31 Fair Meadow Road am a candidate for Selectman on March 6th.

I seek this position as a concerned parent and taxpayer who is interested in the youth and the problems of the town of Wilmington.

I feel I would be a candidate "FOR THE PEOPLE" and your consideration at the polls will be greatly appreciated.

Sincerely yours,

Frank Sferrazza

Town Crier Editor Wilmington, Mass. 20 Gunderson Rd., Wilmington February 22, 1971

Dear Larz:

Since we are concerned about our youth, we were disturbed to hear about a whispering campaign to the effect that Bill Ready has been involved in drug activity at the Coffee House. When a person like Bill who has done a lot to help young people feel that someone cares about them; who, as an advisor to the Coffee House, has helped get some young people off drugs, it hurts us to see him be so unjustly represented. We certainly hope there are others who also are concerned and feel that this man, his wife, and family have been hurt unnecessarily. Sincerely, Mr. and Mrs. Philip Andrews (Betty and Phil)

Sir Philip Sidney once wrote, "How many headaches passionate life bringeth us to." There are many different kinds of headaches, some with physical, some with nervous causes.

Eyestrain, problems in the digestive tract can cause a headache, as can certain allergies. But perhaps the most common distress is the nervous headache, which occurs when a person is tired or has undergone much strain.

What to do? Sometimes if the headache is in the low back of the head, heat and massage will do the trick. Sometimes a short rest dispels one's troubles and the headache with them! And, of course, there is the ubiquitous aspirin, which, along with many other available drugs, can do wonders for that miserable pain in the head.

There are many remedies available for headaches. Fill prescriptions at SILVER LAKE PHARMACY, 52 Main St., Tel. 658-4617. Open 9-10 EVERY day. Whitman and Candy Cupboard Candies. Assorted Greeting Cards, Cosmetics.

Helpful Hint: Do not add too much water softener, bath salt or oil to your tub. When you stand up before water has drained, the tub may be too slippery thus causing you to fall.

INSURANCE INSIGHTS

Application Blank
 What purpose does an insurance application blank serve?

The application blank has two basic purposes. The first is to identify the insured. The second is to give the company important underwriting information. The amount of information depends on the type of insurance needed.

Sometimes a company uses other sources of information. There may be published reports or trade data. In these cases the application form may be relatively short.

The nature of the risk also determines the length of the application. Some policies provide very broad coverage. In this case, applications of several pages are common.

In a few types of insurance there are standard application forms. Most often the application is a printed form supplied by the company.

The application also specifies the amount and type of desired insurance.

WITH MIDGE IN AFRICA

Dear Larz:
Greetings from the mission field. Today is another sunny day. We are beginning to see the autumn come. Our summer, for the past few months has been very hot. I've heard some reports and seen pictures of all your snow and cold weather. My days are busy ones. I've just returned after three days of meetings. I'm trusting to get caught up on my correspondence

before leaving once again for Durban Natal. One never need look for something to do on the mission field. I find I spend time looking for extra hours in a day to accomplish it all. The last three months have been busy ones. I've been in South Africa three months the 18th of February. They say if one lasts the first three months they will make it. Well, let me say the past three months have been months of readjusting to South African life - learning to drive on the left side of the road, along

with disappointment of no post from U.S.A. Mail box empty. I must confess each day I look forward to my news from home. I continue to look to the next few months for greater accomplishments here on the mission field. Larz, when one considers the long way I have come since the tragic night of September 13th, 1963, one surely can expect greater happenings in the future. I'll close and say I miss you all, my family and friends and remind them that with God there is no limit. God Bless you all, real good. Love from your missionary to South Africa.

Letter

Dear Captain Neilson:

What about the rest of them?
Pardon my indignation, but how dare a community sporting not so much as an honor roll, make such a big fuss over one individual serviceman?

Please, before I go on, let me state that I am definitely not anti-Major Farnham. He is a fine young man who has done much for his country, but what about the rest of them? Any man who enters the armed forces most assuredly is doing or has done his share!

We have our Memorial Library, you say? ...Certainly we have, and inside that building we have a plaque bearing the names of three...repeat...three outstanding young men...what about the rest of them?

The flag pole on the common has been dedicated to all veterans of all wars, but has anyone else ever noticed that sometimes on the weekends, the flag on that pole flies all night, and in all sorts of weather?

As an example....Elmer Drew... Elmer died in France during World War Two. Having been in the Navy only a matter of weeks, he probably died undecorated, but is he any less a hero?...Certainly not! His trouble gained for Mrs. Drew the undeniable right to ride in our local parades as a Gold Star Mother....she could have ridden in those parades anyway, she's been a member of the Board of Selectmen for the past 20 years.

Also in Elmer's behalf, we stuck up a pole at the intersection of West and Lowell Streets, on which we placed a sign, proclaiming that this is "Elmer M. Drew Square", but has anyone taken a close look at that plot lately? with its stop sign, its light pole and its flashing red beacon right smack in the middle of it....This is a memorial?...Baloney!...its a disgrace!

Judging from the number of cars outside the Casa Di Fiore on Friday evening, a goodly number of our citizens paid \$10.00 for the privilege of being on hand for the annual Chamber of Commerce Dinner at which Major Donald Farnham was being honored... Wonderful! The Major deserves this. But, won't some of those same citizens stand up at the March Town Meeting and vote against the appropriation of \$2250. (a mere pittance on the tax rate) for the support of our three local veteran's organizations?.....You can bet your new Easter hat they will!

Let us not lose sight of the fact that Wilmington is full of heroes, potential and otherwise, living

and dead. Counting all wars, there are over one hundred of them occupying places in Wild-wood Cemetery. Don't they deserve (at least) to have their names on a permanent honor roll? Are we doing enough by simply listening to someone read their names off each Memorial Day. Even at that many of us can't hear those names over the noise of youngsters, dogs, bicycles and the general disrespectful clatter which prevails each year during this event.

Until we can give more reverent recognition to the rest of them, we should not allow ourselves to be blinded by the gleam of metal from the chest of any ONE man.

Judy Pierce

Dear Judy:

Obviously you were not at the Farnham Testimonial Dinner. Those who were present are not the ones who begrudge the appropriation of \$2250 for the Servicemen's Clubs - the members of the Chamber of Commerce respect the servicemen to highly for anything like that.

And the toastmaster specifically included the people of Wilmington who have served their country, that evening, for Wilmington is a town in which the people have never shirked in their duty to their country.

1700 ENJOY RECREATION DURING VACATION WEEK

Recreation Director Ken Zucker announced that approximately 1700 youngsters participated in Redrecreation Department activities during the vacation week, Feb 15 to 19.

These programs included a ski trip to Wachusett Mountain in Princeton, Mass.; a dance featuring Metromedia Record artists, "Sugar Creek"; the showing of the Paul Newman movie, "Cool Hand Luke"; and the open gym programs at 4 schools for youngsters to play volleyball, basketball, listen to records and take part in some gymnastics.

Mr. Zucker also spoke of the uncountable numbers of skaters on the flooded tennis courts and at Silver Lake.

The gym programs, open from 1-5 p.m. from Monday through Friday, drew the largest numbers of youngsters, followed by the dance, which attracted 400. Ken stated that they gym attendance figures were based on a count at what appeared to be the peak period of activity, and did not cover those who had already left or had not yet come.

Based on this count, a total of 200 youngsters a day were in the gyms.

WAYNE ARUDA
NAMED TO WHO'S WHO

Wayne Aruda, son of Mr. and Mrs. Oliver Aruda of 15 MacDonald Road has been selected to appear in the 1970-71 edition of Who's Who Among Students in American Universities and Colleges.

Who's Who is the annual directory of distinguished students at colleges and universities throughout the United States. The basic concept of Who's Who is to provide a democratic national basis for recognition of outstanding campus leaders.

Wayne, a senior at Lowell Technological Institute, has been Sophomore Class President and a member of the Student Council, Dean's Advisory Board and Delta Kappa Phi Fraternity.

Last semester Wayne was on the Dean's list and was awarded a teaching assistantship from Purdue University in Indiana for graduate study in the field of Medicinal Chemistry.

Boy's Basketball

The boys divisional front runners continued their fine play in last Saturdays semi-finals, as the Lakers topped the Royals, 20-17 and the Chiefs belted the Jets, 36-18. In the other contests, the Celtics advanced to the senior finals with a 26-22 win over the Bullets, while the Raiders earned the right to battle for the junior playoff crown with a 36-18 triumph over the undermanned Patriots.

In the adult loop DeLoury upset Ernie's, 80-79, while Newhouse moved within two games of first place with a 72-65 win over the winless Sweetheart team.

Early foul trouble put the Jets in a hole as their top rebounder Scott Gordon had to stay away from the boards, thus allowing Vin Scifo to dominate both boards for the Chiefs. Scifo was the top point getter in the game with 12. The Chiefs were poor from the charity line, making only 8 of 24 tries. The Raiders jumped out to an 11-2 half time lead enroute to their win over the Pats. Carl Butler did yeoman work for the Patriots but he could not do it alone. Carl tossed in 11 of his teams 14 points in a losing cause. Bob Burns (6), Chuck Woods (5) and Dana Roueche (4) led a well balanced Raider attack.

The most dramatic game of the afternoon set was the Laker-Royal encounter. The Royals jumped out to an early lead (11-6 at halftime), only to have the Lakers come back to win the game with a 22 point team effort in the second half. With 32 seconds left to play in the game, Joey Nickerson put the Royals ahead 17-16 to have Dave Spring's driving layup put the Lakers on top to stay, 18-17 with 13 seconds left in the game. Tony Butler (7), Spring (6) and George Boylen (5) led the Lakers to victory. Joey Nickerson tossed in six points for the Royals, 4 of which came from the free throw line in the final period.

The Celtics led all the way, 15-11 at half and 20-17 after three periods in their win over the p-star Bullets. Gary Smith tossed in 9 points for the winners, while Steve Daniell paced the losers with eight.

Saturdays schedule at the high school gym will have the intermediate final at 1:30 p.m., pitting the Northeastern Huskies against the second place Harvard team. The junior finale is listed for 2:30 p.m., followed by the senior tilt at 4 o'clock.

HOOP TOURNEY COMING

The Recreation Department will sponsor the Wilmington Invitational Basketball Tournament at the High School gym on March 16, 17, 18, 23, 24, and 25 for youth and adults. This single elimination tourney is open to youngsters who live or go to school in Wilmington, and adults who either live in town or who are members or employees of the organization sponsoring their teams.

Divisions will be: boys 10-13, boys 14-17, girls 14-17, men over 18, women over 18. Age will be determined as the age on June 30th, 1971.

Rosters will be limited to eight players and must be submitted with the entry fee by March 9th. Entry fees are 10-13, \$2.00 per team; 14-17, \$5.00 per team; adult divisions, \$25.00 per team. Checks should be made payable to the Wilmington Invitational Basketball Tournament, and mailed to the Recreation Department, Town Hall, Wilmington, Mass., 01887.

Players may only be members of one team. All entries must be turned in by Tuesday March 9th, 1971.

BASKETBALL TOURNAMENT

Checks should be made payable to the Wilmington Invitational Basketball Tournament, and mailed to the Recreation Dept., Town Hall, Wilmington.

HOOPSTERS END SEASON

The Wildcat hoop quintet finished its season on Tuesday bowing to Billerica, 85-55 at the Indians Court. Coach DiSarcina's boys dropped a heart-breaking 57-52 game to No. Andover in their final home appearance last Friday night.

In the encounter with the Scarlet Knights, the varsity outscored the visitors 15-13 and 17-14 in each of the first two periods for a five point half time, but No. Andover came back in the second half to outscore the Wildcats, 30-20 to provide the margin of victory. No. Andover made 13 of 26 free throw attempts compared to 8 of 11 by the Wildcats for the difference as each club netted 22 field goals.

Co-captains Dennis Murphy and Bill Gustus led the varsity with 15 points each. Junior Bob Conlin chipped in with 11, while seniors Tom Beaton and Dick Gillis tossed in six and five respectively. Murphy hauled down 16 big rebounds, considering he had to contend with Willie Ratchford the Knights jumping jack.

The boys were in the ball game for only the first half against the Indians, as they trailed by six, 37-31 at half time. But Billerica blitzed the Wildcats, 29-8 in the third stanza for a commanding 66-39 lead, and coasted home in the final frame. Murphy tossed in 24 points to lead the Wildcats. Gustus chipped in with 13, while Gillis hit for 10.

Coach Stone's junior varsity lost both of their final games, 71-34 to No. Andover and 45-38 to Billerica, to close the season with an 8-9 record. Steve Daniell was the only javvee to hit for double figures (10) in the drubbing at the hands of the younger Knights. In the Billerica encounter the javvees led by one, 19-18 at half time, with sophomore Ray Noel leading the way with fifteen points. But the Indian junior set came on strong in the second half to crush the Wildcats, outscoring Coach Stone's team, 27-9. Noel netted only 3 points in the second half, but finished with a career high of 18 points to lead all scorers in the game.

BOOTS AND BLADES

Comparing your new figure skates with your first double runners, you must realize by now that you have made a major investment in order to participate in a sport. Since no other equipment is necessary except the all important skate walkers and an occasional bottle of shoe whitener it is advisable to spend a little extra to rise above the shoe and department store variety of skates which too often, for a high price consist of imitation leather boots which stretch and have no support at any vital point, but also feature blades of very poor steel or even worse - aluminum. Neither one may be sharpened properly. By shopping in a reputable sporting goods store catering to skaters in general you may be assured of a proper fit as well as being shown a variety of better skates with a price range to fit anyone's budget.

The care and maintenance is up to the individual. Keeping the boots polished not only accomplishes a constant new look, but also protects the leather. The blades should be dried thoroughly after each use and the skates should never be stored with the walkers on until they too have dried. Failure to do this will result in your first attempt at trying to figure skate with rusty blades.

The blades, when sharpened should be very definitely concave, providing two distinct sharp edges on each blade. If you are unable to find a shop which does this, consult a professional skater or someone taking lessons rather than taking a chance of having your blades ruined.

Giving your attention to all of these things the W.F.S.C. wishes you - "Happy Skating"

TRACKMEN BOW IN FINAL MEET

Coach Kelley's squad lost its final dual meet of the season by a 56-30 score to St. Mary's of Lynn last Thursday afternoon at Andover Academy. The Wildcats swept the shot put, as Bill Badiali (39' - 0"), Ralph Decker (38' - 8 1/2") and Mike Severen (37' - 7 1/4") finished 1,2,3. But the varsity was only able to pick up two other firsts in the meet and St. Mary's depth proved to be too much. Tom Mirisola (6.6 in high hurdles) and Larry Harrington (1:20.6 in 600) were the other first place winners. Jack Barry picked up a brace of seconds, 6.6 in high hurdles and 5' - 0" in the high jump. Other point getters for Kelley's crew were Gary Whitcomb (2nd in 1000), Rick Keane (3rd in 2 mile), and Jim Murphy (3rd in 300).

SELECTMEN'S MEETING (From Page Two)

Selectman Carl Backman agreed with the Town Engineer. When it was proposed to widen Burlington Avenue, he said, the residents of that area complained about it, and now that the road has been widened there have been no complaints, and the number of accidents has dropped.

Selectman Jim Banda said that every time a road is widened and straightened the road accident rate drops. If the residents of Boutwell Street did not want their road widened - well there were numerous other streets in town where the residents did want it.

Woburn Street residents had the same questions, i.e. "would it be possible to put in sidewalks and leave the streets the same width as before?"

Harding said that the town has followed the same guidelines since 1955, and that if he had followed the guidelines with relation to Woburn Street, it would be wider than is now being proposed, but that would mean a hardship to some of the home-

owners. That was why he had come up with the current proposal.

Although unsatisfied, most of the residents seemed willing to accept the street layouts to get sidewalks for the children. The Selectmen are to vote on their recommendations for the Town Meeting at their next scheduled meeting.

Other Business

Before the meeting moved to the Library Conference Room for hearings, Selectman Backman requested that the Selectmen invite the Planning Board and Housing Authority in, to discuss Low Income and Elderly Housing. He was concerned about an item in the Lowell Sun about a family that had been evicted, and had no place to go, and said he knew that the Planning Board and the Housing Authority had some plans, and wanted to know the progress.

The Wilmington Company of Minute Men were given permission to hand out recruiting material at the Town Meeting. The request was by David Hill, and the approval was quickly given.

NOTICE TO PLAYSCHOOL PARENTS

While playschool has been progressing delightfully well there seems to be some misunderstanding on one point.

Our purpose, as we have said before is to provide play groups not structured teaching for our youngsters. Henceforth, if any parents have any questions in this regard please call Mrs. Dewire at 658-4999 or Mrs. Putnam at 658-3857.

RICHARD LYFORD ON DEAN'S LIST

Richard C. Lyford, son of Mr. and Mrs. Willis C. Lyford of 187 Middlesex Ave., has been named to the Dean's List at Colgate University for the fall semester of the current academic year.

Richard, a junior is concentrating in German. He is a member of Beta Theta Pi fraternity. He graduated from Wilmington High School with the class of 1968.

Students who at the end of a semester attain an average of 3.2 or higher (on a scale of 4.0) in the final grades are placed on the Dean's List at Colgate.

A CHECK-LIST FOR CONCERNED TAXPAYERS

The Requirements for Effective Town Government

1. THE INTELLIGENT USE OF WHAT WE HAVE

(For Example)

WHY DON'T WE CLEAR SILVER LAKE FOR ICE-SKATING?

WHY DON'T WE PROVIDE DRINKING WATER AT THE TOWN BEACH?

WHY DON'T WE FLOOD ALL TENNIS COURTS FOR ICE-SKATING?

WHY DON'T WE REACTIVATE THE ELECTRIC POWER RATE STUDY COMMITTEE TO PROTECT RESIDENTS AGAINST SKI-ROCKETING ELECTRIC RATES?

Why . . . ?

2. PLUS EXPANSION OF ESSENTIAL SERVICES

(For Example)

WHY DON'T WE PROVIDE ADEQUATE PARKING FACILITIES FOR WILMINGTON COMMUTERS?

WHY DON'T WE UTILIZE THE DRAINAGE STUDY PLAN PAID BY FEDERAL FUNDS TO SOLVE ONE OF WILMINGTON'S MOST PERSISTENT HEADACHES?

WHY DON'T WE TAKE EFFECTIVE MEASURES TO SOLVE OUR AIR POLLUTION PROBLEMS?

WHY DON'T WE PROVIDE ESSENTIAL RECREATIONAL FACILITIES, ESPECIALLY FOR TEEN AGERS?

Why . . . ?

3. PLUS TAX RELIEF FOR HARD-PRESSED HOME OWNERS

(For Example)

TOWN OFFICIALS ARE PRIVATELY PREDICTING A \$5.00 TO \$10.00 INCREASE IN THE 1971 TAX RATE - AN ADDITIONAL \$100 TO \$200 IN THE OVERALL TAX BILL OF WILMINGTON HOME OWNERS.

MANY FAMILIES, INCLUDING OLDER HOMEOWNERS AND UNEMPLOYED PERSONS, ARE INCREASINGLY WORRIED ABOUT BEING ABLE TO KEEP THEIR HOMES IN FACE OF RISING TAXES

THE ONLY REALISTIC SOURCE OF TAX RELIEF AVAILABLE TO WILMINGTON IS TO BE FOUND IN THE DEVELOPMENT OF LAND ALREADY ZONED FOR INDUSTRY.

WHY DOES WILMINGTON DISCOURAGE THE DEVELOPMENT OF OUR ALREADY INDUSTRIALLY ZONED LAND?

Why . . . ?

WILMINGTON HAS REAL PEOPLE WITH REAL PROBLEMS

Don't be Misled by Phony Issues

TIME TO MAKE THE SCHOOL COMMITTEE MORE RESPONSIVE

HIGH SCHOOL: I would advocate submitting the various alternatives to the voters and let them decide.

SCHOOL BUDGET: I would back legislation to curtail the fiscal autonomy enjoyed by the schools. This is the only way the taxpayers will have control over the item which takes 66% of our taxes.

STUDENT REPRESENTATION: I would propose that a high school student be elected to serve as a non-voting member of the School Committee.

It is important to realize that your biggest problem is not lack of know-how. It is lack of nerve.

When you tackle something for the first time, it is likely to be a little scary. Try a practice session first.

Before tackling a carpentry job, buy a 4-piece of 2 x 4 at the lumberyard, and some nails and screws. Then use the whole works to try out the tools you happen to own. Saw it, bore holes in it, plane it, drive nails in it and pull them out, drive screws. Give it the works. The knack comes quickly and does wonders for your confidence!!

Before you tackle those fix-up jobs it will be well worth your while to visit A.B. SWEZEY, INC., 615 Main St., 658-2051. You know we have everything you need...See our stock of electrical and plumbing supplies, hand and portable tools and full line of Pittsburgh Paint Colors...Open: 8 AM-5 PM Daily, 8 AM-9 PM Fridays.

Helpful Hint: You can stop a drain-pipe leak for years with a "plumber's poultice." Wrap layers of cloth and wet plaster around the leak. Use strong string to tie the "bandage" in place. Let dry.

You KOOL KATS are do for the Drop In at the Wesley House at 7 pm on Friday...and the rest of you are due at the Race Encounter at the Church starting at 8 pm on Friday for the weekend...and L. Lindsay will be here with his group of black boys for some rapping...needed hereabouts for most of us...the better to understand each other with...m'deah!

Then the Family Life Series for Lent by the Council of Churches, happens every Sunday at 4...Next week...28th at St D. 'Preventing Drug Dependency'; Mar 7, Cong. 'Divorce and the Breakdown of Family Life'; 14, Meth. 'Individual Role of Persons in Family Structure' 21, St Thos. 'Breakdown of Family Life through Alcoholism' and Apr 4, Baptist. 'A Positive Approach to Family Life... and on that off day...Mar 28, Townwide Census of Wil Churches...and you are needed to help with a bit of that...call your representative at your church... Mar 13 to 21 Flower Show at Suffolk Downs...

Then the Easter Seal Campaign starting March 1...well, drat it just got the heart contribution out...Easter is to improve the care of the handicapped.

Dick Allen needs your blood. Operation yesterday...Needs more than 40 pints...If you can give it...call 658-4519 for the detail...

And that Preacher Miller had an idea which should be interesting...He invited the artists to submit samples for Bulletin Covers...and Poets to submit their verse...and musicians to do their 'thing'...Nice Going, Willis!

Did some of those ideas come from that Encounter group cause participating from the Methodists were Dale Peterson, Barbara Hooper, Betsy Cronin, Scott Shearin, David Irwin, Bub Clark...and the Preacher...Great group!

Helen Given says Johnny is now in Nam and he sent us a poem which is too long for this week...but soon mebbe...Thanks anyway, Helen...and good luck, John...101st Airborne Div Military Intelligence...and that fella is a Sgt...Gayle Given and Lynn Murphy spent their holidays at W Palm Beach with brother Bob and sister in law Jan...Wish this Gal had a brother in W Palm...and if this

weather keeps up she may just find one.

Now from the Troops:

'Hi, Well here it is, time again for my yearly letter...least that's what it seems like. I'd like to thank you for sending the TC for the past 19 months. It's about a week or so old when it arrives, but to me it's new news. I'll be leaving here for good in 29 days...maybe less. Sorry for not writing more since I've been here, but you know how it is. I'll have 9 months of duty to pull in the States after my return...and my next assignment is with Hq C USAG in Ft Meade, Md...Not bad, considering I'm RTO. I've been seeing in the TC that Chuck is due home shortly and the paper I got today said he was a week late. Has he made it yet? Tell him I'll drop in to see him when I get home.

'While you people are freezing we're having pretty hot days. Would anyone like to change places?

'I have to go now, but I'll drop in to see you sometime in March...Early March...Take Care Buddy Stanley...SHORT!

So, we're waiting, there Bud... Back at the Hut things are at a slow pace momentarily...but my money is on the fact that inside of two weeks...things will be overlapping again...So, Hurry Home, there Fella...and thanks for thinking of this Gal...Choag say Hi...and is just like he'd never left...But you can send some of that heat over for a while... Wow...this has been some Winter. Meanwhile...the weather can clear up now...the campaigning is on...the collective bargaining is still with us...and the political race is mighty interesting...and Nana will be here from Thursday to Sunday...and the new Grandbaby will be arriving momentarily...so, have patience with this Gal and She'll be seeing you next week Love ya!

ABOARD FORRESTAL

Navy Airman Richard J. Daley Jr., son of Mrs. Beatrice M. Daley of 32 Boutwell St., is now serving aboard the attack aircraft carrier USS Forrestal which is making its ninth deployment with the Sixth Fleet in the Mediterranean.

ICEMEN

Wilmington has drawn a first round bye in the state hockey tournament, and will be in action at the Boston Arena next Thursday. This will mark the second appearance in the tourney for the Wildcats. Two years ago they were shut-out by Arlington, and the seniors on this year's championship club hope to make a better showing.

Seven different players scored goals in the rout of the cellar dwelling Hornets last Saturday afternoon. Sophomore wing, Frank McLean netted the first two Wildcat goals, his 6th and 7th of the season. The other goal scorers were: seniors Lance Walden (10), Jim Irwin (11), Dave Irwin (8), Mike Esposito (4) and Steve Catalano (1) and freshman John Harrison (1). Juniors Dave Kindred and Greg Corcoran along with senior Snook Lvnh registered an assist each to join the scoring parade.

The varsity maintained a wide advantage in the shooting department, with a 33-11 edge. Junior Bob Zwalen relieved senior net-minder Dana Tighe at the 6 minute mark of the final frame and stopped a pair of Hornet shots to preserve Tighe's fourth shut-out.

In Monday's encounter with the Redmen, the Wildcats opened up an early 2-0 first period lead and went on to drop the Tewksbury sextet, 4-1, thus eliminating the Redmen from any playoff position.

Sophomore defenseman Dan Kindred opened the scoring with his second seasonal goal on a drive from the left point, at 4:48 and McLean pushed home his 8th goal of the year at 7:06 with Esposito in the penalty box. This was the third shorthanded goal by the promising sophomore and it was also the sixth of the season by the team.

Lance Walden, on a power play made it 3-0 at 9:12 of the second frame firing a backhand drive from ten feet out. Esposito upped the margin to four with his 5th goal of the season on a 35 ft. drive, which went in over Fraser's shoulder off the goal post and into the net. Tewksbury's hustling captain, Mickey Deshler tipped home a drive by Ken Ahern to spoil Tighe's bid for his fifth shut-out. But the damage was done as the Wildcats out shot the Redmen, 24-11 thus gaining their second league championship.

**PLANNING BOARD
NOTICE OF PUBLIC HEARING**

In accordance with the provisions of Section 81T of Chapter 41 of the General Laws of the Commonwealth of Massachusetts, notice is hereby given that a Public Hearing will be held by the Planning Board of the Town of Wilmington in the Mildred Rogers School, Grove Avenue, Wilmington on March 4, 1971 at 8:00 PM for the purpose of approval of a definitive plan of a sub-division of land in the Town of Wilmington, now or formerly owned by Hillcrest Realty Inc.; being known as Maple Manor.

Description of the area to be considered as follows:

Property located on the Westerly side of Federal Street, a public way, and bounded on the Southwest and West by Maple Meadow Brook and zoned as SRA, said property being more particularly bounded as follows: Beginning at the Southerly corner of the property at the intersection of the center line of Maple Meadow Brook with the Westerly side of Federal Street the line runs in a general Northwest direction along the center line of said brook as it now stands along property of the Town of Wilmington and Armando DeCarolis, Jr. about 1680 feet more or less to the property of Helen I. Flynn. Thence the line turns and runs Northeasterly along land of said Flynn and land of Leonard F. Corello et ux to other land of Hillcrest Realty, Inc. about 1149 feet more or less. Thence the line turns and runs Southeasterly and Southwesterly along the land of Hillcrest Realty, Inc. by two courses 215.32 feet and 150.00 feet to a proposed street, thence the line turns and runs Southeasterly along the proposed street 224.44 feet to the Westerly side of Federal Street, thence the line turns and runs Southwesterly along Federal Street 104.85 feet to land of James and Catherine H. McFadden. Thence the line turns and runs along land of said McFadden and along the Southwesterly side of said proposed street 242.65 feet to a corner. Thence the line turns and runs Southwesterly by three courses along land of aforementioned McFadden, land of Robert D. Costozza, John A. and Mary C. Martyn and James F. and Viola E. D'Aiuto 134.35 feet, 254.50 feet and 159.47 feet to a corner at the side line of the second proposed street. Thence the line turns and runs Southeasterly along land of said D'Aiuto 164.66 feet to the Westerly side of Federal Street, thence the line turns and runs Southwesterly along Federal Street 215.28 feet to the point of beginning. Said parcel of land containing 16.4 more or less acres and referred to as Lots 1 and 2 with two proposed streets and being shown on Definitive Subdivision of Larry Lane and Joanne Way, Wilmington, Massachusetts, dated September 11, 1970 owned by Hillcrest Realty, Inc. and drawn by Robert E. Anderson, Inc.

Said plan is recorded herewith. Bounded and described as follows: Northwest by Rhodes Street, for a distance of eight (8) feet; Northeasterly by Lot A as shown on said plan for a distance of one hundred five and 62/100 (105.62) feet; Southeasterly by Lot 138 of Pinegrove Park, Silver Lake, Mass. for a distance of fifty (50) feet; Southeasterly by lot 123 of Pinegrove Park, Silver Lake, Mass. for a distance of one hundred (100) feet.

THE COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF PUBLIC WORKSNOTICE OF HEARING ON
STATE HIGHWAY LAYOUT
WILMINGTON - Route 129

Pursuant to the provisions of Section 5, Chapter 81, of the General Laws, Ter. Ed. as amended, the Department of Public Works will give a public hearing at the Wilmington Memorial Library on Church Street, Wilmington, on Wednesday, March 10, 1971, at 8:00 PM to all persons interested in the construction of a section of Route 129 in Wilmington.

The project consists of the relocation and construction of a section of Route 129, Shawheen Avenue, from a point on the existing Route 129, approximately 300 feet east of Aldrich Road extending easterly about 2100 feet to connect with Route 38, Main Street, approximately 300 feet north of Bridge Lane, all in Wilmington.

This hearing is to be a design public hearing. Plans showing the proposed project will be on display at the Wilmington Memorial Library on Tuesday, March 9, 1971 from 2:00 PM to 5:00 PM and from 7:00 PM to 9:00 PM and on the evening of the hearing from 7:00 PM to 8:00 PM.

Written views received by the Department subsequent to the date of this notice and up to five (5) days prior to the date of the hearing shall be displayed for public inspection and copying at the times and dates listed above.

Written statements and other exhibits in place of, or in addition to, oral statements at the public hearing regarding the proposed undertaking are to be submitted to Daniel S. Horan, Chief Engineer, Massachusetts Department of Public Works, 100 Nashua Street, Boston, Massachusetts. Such submission will also be accepted at the hearing. The final date for receipt of these statements and exhibits will be ten (10) days after this public hearing.

The Department's policy for "Relocation Assistance", if required, and tentative schedules for right of way acquisition and construction will be discussed at the hearing.
